

STUDENT SUSTAINABILITY COALITION 2022-23

WE AT THE STUDENT SUSTAINABILITY COALITION ARE SO PROUD OF THE WORK WE WERE ABLE TO ACCOMPLISH THIS YEAR, ALL OF WHICH WOULD HAVE BEEN IMPOSSIBLE WITHOUT PARTICIPATION AND COLLABORATION WITH SO MANY UM STUDENTS AND EMPLOYEES. AS A COALITION, WE OPERATE BY MAKING CONNECTIONS AND USING COLLECTIVE IMPACT AS A WAY TO BRING AS MANY VOICES INTO OUR WORK AS POSSIBLE.

TO HIGHLIGHT SOME SPECIFIC THINGS WE'VE ACCOMPLISHED TOGETHER:

- WE GRANTED OUT MORE THAN \$100,000 TO SUPPORT INNOVATIVE STUDENT-LED SUSTAINABILITY PROJECTS.
- WE GREW OUR SCANN NETWORK TO HEAR THE OPINIONS OF EVEN MORE STUDENT ORGANIZATIONS.
- WE MET WITH PRESIDENT ONO ABOUT THE FUTURE OF SUSTAINABILITY AT THE UNIVERSITY.
- WE EVEN MEET WITH KAMALA HARRIS NOT ONCE, BUT TWICE.

WE ARE EXCITED TO SEE WHAT NEW OPPORTUNITIES EMERGE IN THE UPCOMING SCHOOL YEAR. ENJOY YOUR SUMMER AND WE'LL CATCH YOU IN THE FALL!

TEAM TESTIMONIALS

"I am incredibly proud of our team's commitment to planning the Fall 2022 Student Sustainability Leaders Summit. It was great to see student leaders and community members come together to learn from one another, learn more about social justice and sustainability, and form new and strengthen existing relationships that lay the foundations for bold action.

I am excited to see SSC continue to empower students and work with other student organizations to promote social justice and sustainability. I look forward to see SSC continue to support coalition-building across the UM community. "

-Riley

Co-President
+ Graduating senior!

Senior - organizational studies

"I am proudest that the team was able to take moments of struggle as ways to grow and come closer as a coalition. This year was ridden with challenges and none were able to shake our spirits!"

I am excited to see how the lessons learned this year will help to guide next year's work on the summit, SCANN, and meetings with various stakeholders on and off campus."

-Mia

Communications Coordinator
+ Incoming Co-President

Junior - architecture

"This year, I was proudest of the high-quality projects we were able to make happen with our PBSIF grant funding.

I am excited to expand advocacy with administration in the upcoming school year"
